

An INDEX to the Newsletter

As well as regular news, this newsletter has carried a variety of articles and features over the years. This INDEX lists those items, giving members a point of reference from July 1984 to the end of 1994.

Two inclusions should be noted. In 1988/9 the Northumbria Enthusiasts Club Newsletter was also initially distributed to UEC members to complete the subscription year. And in 1994 the Tenth Anniversary Supplement was distributed with Newsletter No. 60. Unsigned articles from issues 54 to 60 should be credited to Ian Wilson.
